WHAT IS A SCHOOL-PARENT COMPACT?

Our annual school-parent compact offers ways that we can work together to help our students succeed. This compact provides strategies to help connect learning at school and at home.

Effective Compacts:

- Link to academic achievement goals
- Focus on student learning
- Share strategies that staff, parents, and students can use
- Explain how teachers and parents will communicate about student progress
- Describe opportunities for parents to observe, volunteer, and participate in the classroom

JOINTLY DEVELOPED

The parents, students, and staff worked together and shared ideas to develop the school-parent compact. A parent meeting and Title I committee meeting are held each year to review and revise the compact based on the school's academic achievement goals and student needs. Stakeholder surveys provide opportunities for a range of views to be represented as we work together to provide the best possible learning environment for students.

Parents are welcome to provide feedback at any time. All feedback will be collected and reviewed during the annual revision meeting with parents.

STUDENTS

Students join with faculty, staff, and parents in creating goals for themselves for the school year. In order to encourage academic growth, students suggest that they will:

- Keep a reading log of weekly reading (Elementary)
- Read at least 20 minutes each day
- Practice math facts for fluency (repetitive practice) using manipulatives or online

resources (Elementary and Junior High)

- Find real world applications for writing (Junior High and High School)
- Ask for help when needed
- Have a positive attitude about learning and setting individual goals
- Be on time and present for school and class each day
- Make a renewed commitment to completing necessary steps in a timely fashion to be ready for college and career opportunities (High School)

COMMUNICATION IS KEY

We look forward to an exciting and successful year, and we understand that strong communication is key.

We use multiple methods of communication, including website posts, online calendars, social media updates, mass media communications such as texts and electronic reminders, and newspaper and other media outlets. We also rely heavily on two-way communication with parents and other stakeholders through formal and informal conferences, meetings, school events, surveys, phone calls, and notes.

Students, Teachers, Parents – Working together for success!

IN THE CLASSROOM

- Teachers will model instruction and provide parents with reading materials and strategies by grade level as appropriate.
- Elementary teachers will share with parents and students a reading and math resources containing tips/resources on how to choose the right book, help your child with math, and other academic success tips.
- Teachers will continue to increase the use of technology to achieve learning goals and to increase classroom engagement.
- Teachers will teach students to think and write at a higher level with increased focus on constructed responses.

AT HOME

- Parents will keep open communication with teachers and students regarding academic progress.

- Parents will find real-world ways to support student’s learning.
- Parents will help students become organized at home and provide an area and time to complete homework.
- Parents will encourage students to set learning goals for improvement.

OUR GOALS FOR STUDENT ACIEVEMENT
